

Call for Submissions, Important Dates and Thematic Areas

XXX Brazilian Congress of Biomedical Engineering • 30th edition

Date: September 28 to October 2, 2026 • Fortaleza, CE, Brazil

Venue: Fábrica de Negócios – Hotel Praia Centro

Theme: Building Bridges between Academia and Industry

More information and submissions: <https://sbeb.org.br/cbeb2026/>

1. Important Dates

<https://sbeb.org.br/cbeb2026/datas-importantes/>

Paper Submission Until June 30, 2026 Submission of scientific and technical papers for evaluation.	Acceptance Notification Until July 15, 2026 Official announcement of accepted papers.
Final Version (Camera-Ready) Until July 30, 2026 Submission of the final version of accepted papers.	Event Dates September 28 to October 2, 2026 Congress held in Fortaleza, CE, at Fábrica de Negócios – Hotel Praia Centro.

2. Submission Guidelines

Item	Description	Link
Official Registration and Submission	Exclusively through the official CBEB 2026 platform.	https://app.ciente.studio/cbeb2026/submissions
Submission Categories	Undergraduate, Graduate, and Professional.	https://sbeb.org.br/cbeb2026/submissoes/
Limit per Registration	Up to 2 papers per registration in submission-enabled categories.	https://sbeb.org.br/cbeb2026/inscricoes/
Required Template	Use of the IEEE template is mandatory.	https://sbeb.org.br/cbeb2026/submissoes/

Hotel Praia Centro — Av. Monsenhor Tabosa, 740, Praia de Iracema, Fortaleza, 60165-010, Brasil

Item	Description	Link
Accepted Languages	Portuguese and English.	—
Types of Work	Full paper: 4–8 pages; extended abstract: 2–4 pages.	https://sbeb.org.br/cbeb2026/submissoes/
Publication	Only approved and presented works can be included in the proceedings.	https://sbeb.org.br/cbeb2026/submissoes/
Proceedings Classification	IEEE Xplore for English-language papers with sufficient merit in peer review; Zenodo/SBEB for Portuguese papers, extended abstracts, and relevant works not selected for IEEE.	https://sbeb.org.br/cbeb2026/submissoes/

4. Thematic Areas

 A. Health Technology Assessment	 B. Biomaterials, Tissue Engineering and Artificial Organs	 C. Biosensors, Transducers and Biomedical Instrumentation
 D. Bioengineering	 E. Clinical Engineering and Hospital Engineering	 F. Biomedical Informatics
 G. Metrology, Testing and Certification in Biomedical Engineering	 H. Computational Modeling and Simulation	 I. Nanotechnology and Nanodevices Applied to Health
 J. Neuroengineering	 L. Biomedical Signal and Image Processing	 M. Biomedical Robotics and Biomechanics
 N. Clinical Diagnosis and Therapy Systems	 O. Assistive Technologies and Rehabilitation	 P. Special Topics (Bioethics, Education, etc.)
 Q. Quantum in Health	 R. Photonics and Metamaterials
